

St. Brendan's Boys Primary School

Moorpark Street, Birr www.stbrendansps.ie

St. Brendan's PS Birr has strived to provide the boys of Birr with a holistic education for almost 130 years. Founded in 1878 by the Presentation Brothers our aim is to create a school climate where all pupils regardless of their educational background feel valued and are presented with opportunities to develop to their full potential.

Our Catholic ethos is inclusive and warmly welcomes pupils from a variety of beliefs and nationalities. We encourage open communication and advocate a climate where effort not the end results is recognised and rewarded and uniqueness and difference is valued.

We aim to set reasonable standards for all pupils and when necessary modifying class work and homework to cater for children with general/specific learning difficulties. Our Literacy lift off programme also allows each pupil to fully develop their reading and comprehension skills from an early age.
